Powerful dishwashing. With SatelliteClean®

Experience impeccable dishwashing with SatelliteClean®. This spray arm has three-times better coverage than the standard. Because the double rotating arm constantly changes the angle of the spray. Water reaches every corner. For a complete clean.

Open-door drying with AirDry

AirDry technology delivers up to three times better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.
